

COMMITTEE REPORT

Committee: Basin Water Management Committee

Meeting Date: August 9, 2017

Present: D. Michalko (Chair), D. Arrighi, T. Coleman, J. Corona, F. DeLach, P. Di Maggio D. De Jesus, C. Feilen, B. Goshi, E. Hills, E. Hitchman, B. Lewis, J. Macias, K. Manning, T. Mortenson, L. Noriega, J. Prior, T. Tait and C. Venegas

Staff Present: T. Zampielo, K. Gardner, S. Johnson and R. Serna

I. 1,2,3-TCP

The Executive Officer, Tony Zampielo, reported Watermaster conducted baseline sampling, Basinwide in 2016, in anticipation of the new regulations on 1,2,3-TCP. He referred to Mr. Steve Johnson, Stetson Engineers (Stetson), to discuss updates.

Mr. Johnson distributed copies of a report dated August 7, 2017 that provides background information on the establishment of the new 1,2,3-TCP Maximum Contaminant Level (MCL). He stated that the State Water Resources Control Board, Division of Drinking Water (DDW) adopted the new MCL at 5 parts per trillion on July 18, 2017, with an effective date of October 1, 2017. He also stated that with such a short compliance period, Stetson staff had contacted DDW to inquire about possible extensions for compliance, however, DDW staff indicated that extensions will not be considered.

Mr. Johnson discussed monitoring and reporting requirements with the new regulations, noting that few Producers are currently impacted, but staff is working with them to assist in developing compliance plans.

II. Update on the Delta Fix

Mr. Zampielo introduced Mr. Brandon Goshi from the Metropolitan Water District (MWD). Mr. Goshi provided an overview of the status of the Delta Fix project. He reviewed the status of environmental requirements and stated that MWD has produced 2 of 3 White Papers on the project, all of which are available on MWD's website. At the request of the Committee, Watermaster staff will email Mr. Goshi's presentation to the Committee.

The Committee discussed several aspects of the project and thanked Mr. Goshi for his presentation.

FOR INFORMATION ONLY -- NO ACTION REQUIRED

III. Other

A member of the Committee asked Mr. Goshi if he could provide an update on the Carson Recycled Project. Mr. Goshi reported that he isn't directly involved with that project but understands that the MWD Board allocated funding for a demonstration project to be completed in 2020, and if successful, the full project could go on-line as soon as 2028.

Additionally, Mr. Zampello reported that Watermaster staff will be discussing the MWD pre-purchase agreement with Producers at the Administrative Committee meeting to be held on August 30, 2017. He encouraged everyone to participate, stating that the notice will be sent to both the Administrative Committee and Basin Water Management Committee.
